

Purpose

Parkland Pirates Aquatic Club (Parkland Pirates) believes that everyone in the sport has the right to enjoy the sport at whatever level or position they participate. All members and staff have the right to participate in a safe and inclusive training and competitive environment that is free of abuse, harassment or discrimination.

Parkland Pirates believe the welfare of everyone involved in the sport is a foremost consideration and in particular the protection of children/athletes in the sport is the responsibility of each individual, member, club and special interest group in the swimming community.

Guiding Principle Statement

The Parkland Pirates provides a fun, healthy, inclusive and safe environment. Swimming enriches the lives of everyone involved by ensuring that the training and competitive environment is one where athletes, coaches, officials, volunteers and staff know they are safe, and are treated with respect and dignity.

Ongoing Commitment to a Safe Sporting Environment

The Parkland Pirates in understanding its Duty of Care, will ensure standards and procedures, based on best practices, support a safe, inclusive, open, observable and transparent sporting environment for all members.

The framework for Safe Sporting Environment focusses on the role, responsibility and practices of everyone involved in Swimming to ensure the safety of and development of athletes.

The Parkland Pirates programs and services will be consistent with and support the Safe Sporting Environment Guiding Principle.

The Parkland Pirates recognizes the critical role of the clubs and special interest group members in the delivery of Safe Sporting Environment programs initiatives.

The Parkland Pirates programs and services will adopt the Open and Observable Environment requirements of Swimming Canada. Open and observable environments means making meaningful and concerted efforts to avoid situations where a coach, official or other representative might be alone with an athlete and/or vulnerable individual. All interactions between an athlete and an individual who is in a position of trust should normally, and wherever possible, be in an environment or space that is both "open" and "observable" to others.

Evaluation

The Parkland Pirates shall continually monitor and evaluate all its policies, practices and procedures

Definitions:
