Emails will be sent when each meet is open for entries. Entries must be accepted by hosting team. Please note the deadlines for entering the meets are set by the hosting club and are not negotiable. Meets fill up quickly, so our team's entry files must be sent in ASAP in order to secure our participation in the meet. Once the deadline for a meet has passed, entries cannot be added, changed, or removed (unless requested by the hosting club.) This means that once the deadline has passed and the host club has accepted our entries, there are no refunds for any swimmers who have signed up for the meet, even if they do not swim in the meet.

Meets are designated USA Swimming or YMCA Closed. Select YMCA meets are also USA Swimming sanctioned.

When choosing meets to compete in keep in mind: To be eligible for any YMCA championship meet, swimmers must compete in at least three YMCA Closed meets. AND To be eligible for MA Championship meets, swimmers must also have times from a USA Swimming sanctioned meet. Times from YMCA Closed meets do not count for MA Championship Meets, unless the meet has also been sanctioned as a USA Swimming meet. All meets marked with two asterisks (**) are meets that have qualifying times. Your swimmer must be faster than the qualifying time to swim in the events offered. Most meets labeled championship have qualification times. Qualification Times can be found on our website https://www.mlyphoenix.com/
