Vernon Hills High School

Last week was incredibly successful for our talented swimmers! We are thrilled to report that they collectively raised a notable sum towards our Swim-A-Thon fundraiser, bringing our current total to an impressive \$4,688. This amount represents 31% of our overall goal, and we are immensely proud of everyone's efforts so far.

However, we still face a challenge: 20 swimmers have yet to raise any funds, and there are another 20 who have not yet signed up for the Swim-A-Thon. With only three weeks remaining until the event, we urge all swimmers to prioritize their fundraising activities during this crucial final stretch. Remember, it's never too late to reach out and share your personal fundraising link with family, friends, and colleagues, including those at your parents' workplaces.

To all the parents out there, your support is vital in helping your child succeed in their fundraising efforts. Whether it's brainstorming creative fundraising ideas or spreading the word about the Swim-A-Thon, every bit of help makes a difference. If you have any questions or need advice on how to assist your swimmer effectively, please do not hesitate to reach out to Coach Enrico for guidance.

Thank you for your continued dedication and support! Together, we can reach our fundraising goal and make this Swim-A-Thon a memorable experience for all.

First Swim Meet was great

This weekend marked the kickoff of our swimming season with our first meet, and we are off to an incredible start! Many of our swimmers achieved personal best times, showcasing their dedication and hard work in the pool. The energy was electric, and the performances were truly impressive.

Swimmers, let's keep the momentum going as we continue to improve and strive for excellence in our upcoming meets! Additionally, be sure to visit the picture section on our website, where you can view all the wonderful photos capturing the excitement and spirit of this weekend's swim meet. Your hard work shines through, and these moments are ones to treasure!

Safe Sport - Parents & Swimmers

We still need swimmers and parents to do the Online Safe Sport Training. If you have not done so, please do so as soon as possible.

- Swimmers 5 to 12 - "Safesport for Kids"
- Swimmers 13 to 17 - "Safesport for youth athletes(13 - 17)"
- Parents - "Parent's Guide to Misconduct in Sport"
