

Conflict of Interest Policy

Board Members are elected to serve Swim GSA. The men and women who accept this position are expected to carry out their duties in a manner that inspires and assures the confidence of the members and the broader community.

Board Members shall exercise the utmost good faith in all transactions touching upon their duties to the Association. In their dealings with and on behalf of the organization, they are held to a strict rule of honest and fair dealing between them and the organization. They shall not use their positions as Board Members, or knowledge gained therefrom, so that a conflict might arise between the Association's interest and that of any individual Board Member.

A conflict of interest arises in any situation in which a Board Member (and his or her immediate family) is involved in any activity that could adversely affect his or her judgment with respect to the business of the Association or otherwise diminish the interest of the organization. When such a conflict arises, the individual with the conflict is expected to disclose in writing the existence of the conflict.
